WUDDSAM Premium Blockboard is the perfect all-weather partner for heavy duty usage. Made of handpicked high-quality seasoned pinewood timber, this blockboard has the advantage of receiving special chemical treatment before pressing that ensures robustness, termite resistance, durability and equal distribution of moisture & adhesive.

This block board has an unmatched finish because of the double core technology which is a unique property of our product. We provide ideal solutions for personal and office spaces using indigenous technology that gives your furniture a distinctive edge in terms of craft and endurance.

Superior  
Strength

Higher stability,  
bend and warp resistant

Better bonding for  
more durable furniture

Specially selected and  
imported hardwood
